

Dear Partner in Tourism

Please see below our current rates valid from **1st November 2013 till 31st October 2014.**

We strive to deliver added value in accordance with the principles of "Fair Trade." In these tough economic times we carry on to support our community projects which are paramount to us.

We have recently formed an NPO for these community projects, please feel free to contact us should you require any additional information.

These include providing 4 meals per week to 200 children which equates to 3200 meals per month. HIV Aids education is a further committed project which we sponsor within our community. The animal welfare and educational program embraces 200 children and their animals. This has been very successful in teaching these children a basic value system using their pets as the catalyst.
