## JANUARY 2025 MONTHLY REPORT

### TOURISM DESTINATION MARKETING

#### STATISTICS / WEBSITE ANALYSIS

#### 1. WEBSITE CONTENT LISTINGS

- a. NOVEMBER: Total of **203** Accommodation + **75** Restaurants + **137** Activities + **77** Services = **492** listings on the website.

DECEMBER: Total of **205** Accommodation + **75** Restaurants + **136** Activities + **76** Services = **492** listings on the website.

**492 member listings on the website in Q2. We continue to see steady growth as the tourism economy grows, particularly in the tourism services industry. This is also due to Plett Tourism accepting membership from the services industry (catering, transportation services, etc.).**

- b. NOVEMBER: Total of **1,229 event** listings have been published to date. Total of **81 Gigs** (smaller, pop-up events) listed over the past 2 months.

DECEMBER: Total of **10** event listings published. Gig Guide: A total of **34** Gigs (smaller, pop-up events) listed .

**42 event listings published in Q2. We continue to see an increase of growth in large public events. 115 gig listings published in Q2. We continue to see an increase of growth in the smaller, pop-up 'Gigs' with restaurants and other venues. This growth in the eventing sector is due to increased competition and the desire to capture a high-**

*spending market. This is beneficial to boost the local economy by attracting visitors from outside of Bitou and stimulate economic activity and job creation.*

c. NOVEMBER: Total of **5 articles** published.

DECEMBER: Total of **14 articles** published.

**33 articles published in Q2.**

## 2. WEBSITE VISITS

a. OCT 2024 = 10.8K

b. NOV 2024 = 12.0K

c. DEC 2024 = 19.3 K

*The website visit increase is due to an increase of visitors in Bitou, searching for events, activities, restaurants and accommodation options.*

## 3. WEBSITE GOOGLE ANALYTICS

a. A total of **40,159** unique visitors to the website for Q2 (01 Oct - 31 Dec 2024) (Visitors in same period in 2023 = **40,711**)

b. A total of **41,644** total visits to the website for Q2 (01 Oct - 31 Dec 2024) (Visits in same period in 2023 = **42,517k**)

c. A total of **117,704** page views (page visits) for Q2 (01 Oct - 31 Dec 2024) (Page views in same period in 2023 = 99,812)

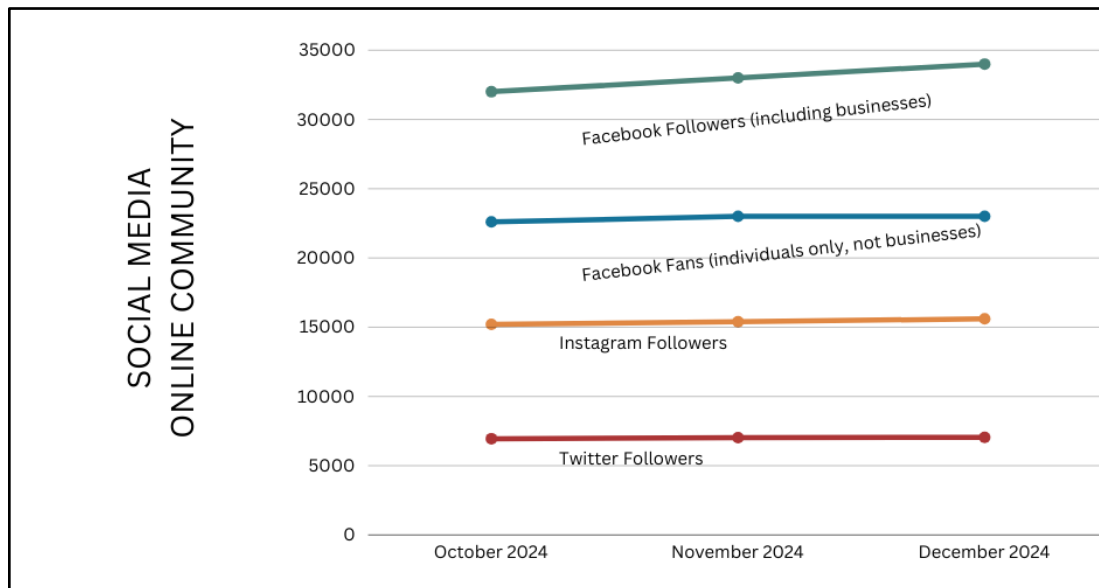

d. Average length of time of visit for Q2 = **76 seconds**

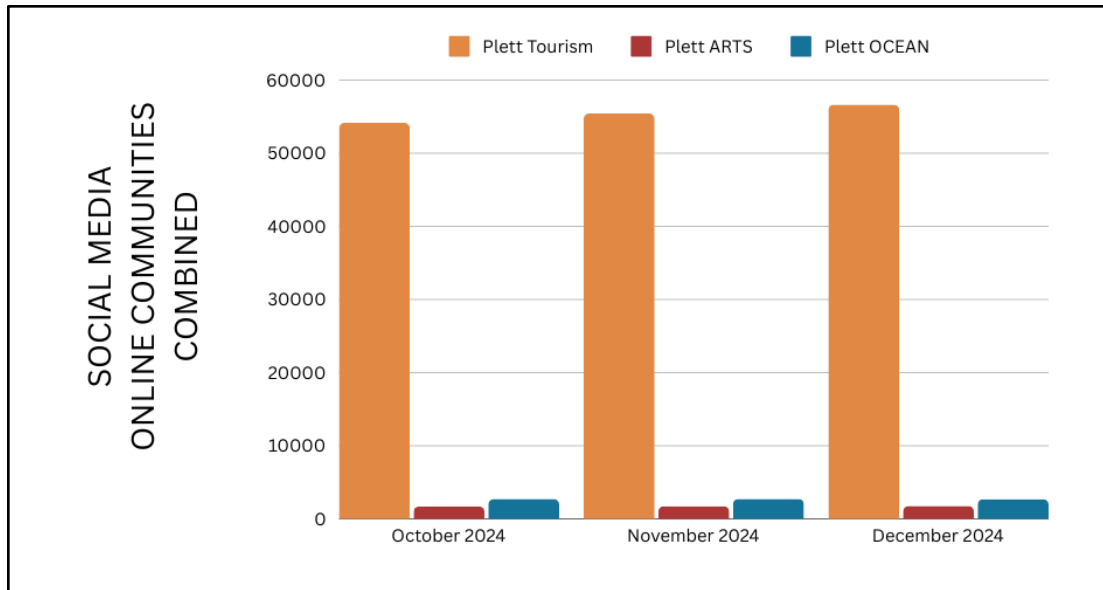

***A 1.4% decrease in visitors (users) compared to the same period last year. A 1.8% decrease in visits (sessions) compared to the same period last year. An 18% increase in page views compared to the same period last year. Reasons for the decrease in visitors and visits may be due to fewer South Africans taking holiday in December due to a poor performing economy. The Q2 Survey results will be published in Q3.***

## STATISTICS / DIGITAL MEDIA ANALYSIS

Our digital media focus during Q2 (October, November and December 2024) has been on spring attractions following onto summer readiness with a focus on “Plett Summer Essentials” (a guide which includes lifeguard schedules, tides, events, ban on fireworks and lanterns) and “Iconic Plett Summer Moments” which proved very popular and continues to highlight “that Plett feeling” and reminding online community of why they return year after year: feel-good posts. The goal of social media during high summer is to build up and maintain hype around the season, share news, safety information and events, and to subtly remind the public that Plett has attractions year-round (encourage out-of-season visits: whale season, Plett ARTS Festival, Plett Ocean Festival etc.)

### 1. ONLINE COMMUNITIES

***The social media community growth is following the same historical increase, slow and steady. It is important to note that Plett Tourism does not 'buy' followers, and limits advertising. The result is committed friends/fans.***

## 2. OPERATIONAL COMMENTS

Plett Tourism is pleased to have retained a Junior Social Media Consultant, Anelisa Rabie to assist in managing and growing the Plett Tourism social media accounts. We note a 20% increase for December in content reach and follows, and a 15% increase in content engagement - all for Facebook. For Instagram, a 60% increase in interactions indicates that the strategy of focusing on reels and short-form video has yielded strong results for December. We aim to continue with this as a supplementary strategy.

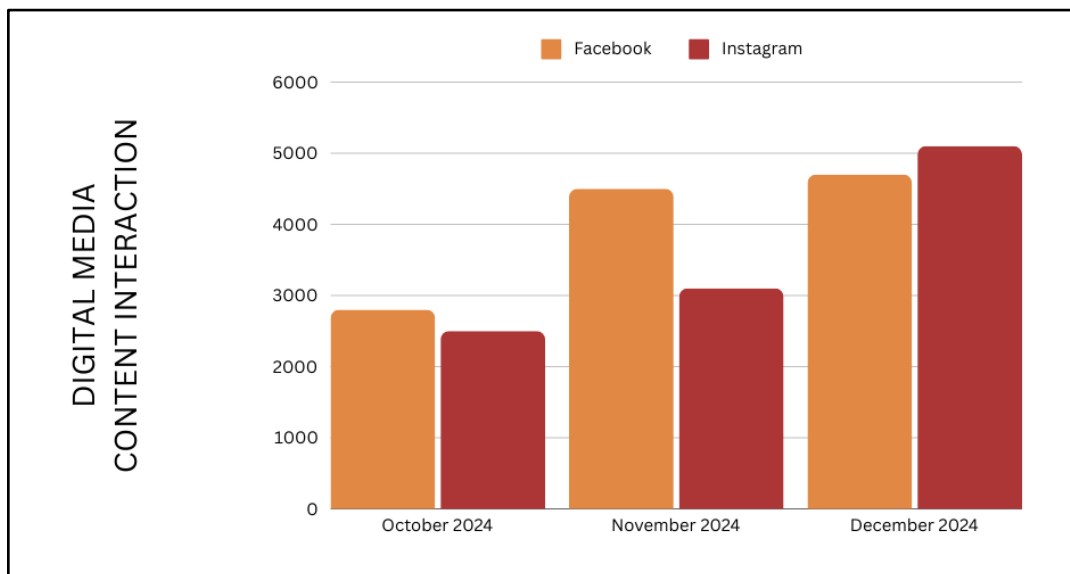

### 3. DIGITAL MEDIA STATISTICS

Measured by Reach & Content Interaction (previously Engagement)

#### REACH

#### CONTENT INTERACTION

*The Facebook digital media reach has a wider user-base across our actual target market demographics, which allows us to reach a more diverse audience based on those market demographics - age, interests and location. We are growing the younger market, this target demographic is more imagery focused and uses Instagram.*

---

#### 4. PLETT TOURISM POPULAR POSTS, STORIES & TOPICS

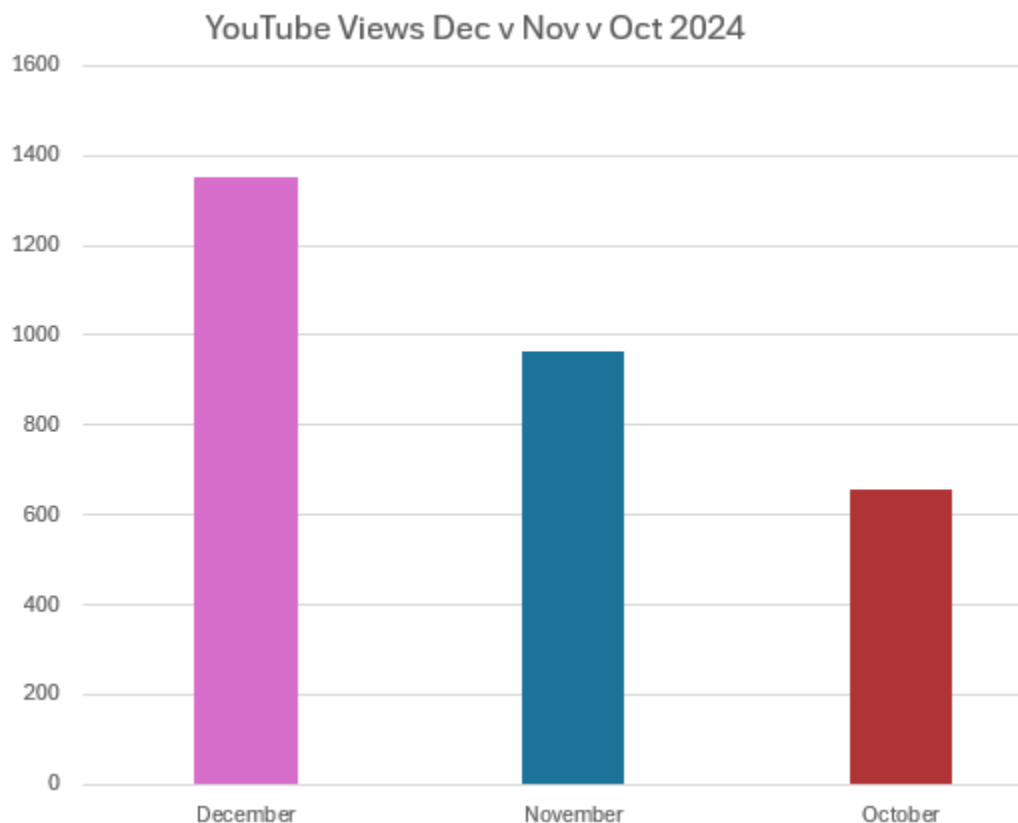

##### December

On Facebook, two Sand Art posts took wings: Plett Rage's post at the beginning of December and a Plett it's a Feeling logo in sand did twice as well with users praising the artist, @Supersandman - Lindo for his creativity. Other posts that were very well received across both Instagram and Facebook were: Carols by Candlelight, iconic Plett Summer moments, event posts and photos and reels compilations on polo, the clear waters off Central Beach, aerial shots of Plett etc. The social media team put together some compilation reels which proved a success.

#### 5. YOUTUBE

Our YouTube channel has had over **1 million views**.

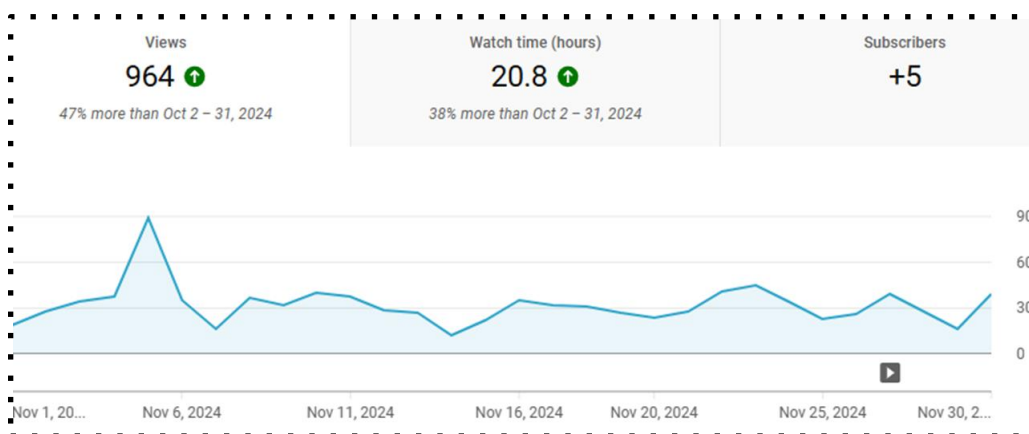

***We are now able to earn revenue from any unique content we post on the channel. We have not had any earnings yet because we have not posted many new original content videos which can be monetized. We are strategising to include this as a revenue stream for the 2025-26 fiscal year.***

##### OCTOBER 2024

## NOVEMBER 2024

## DECEMBER 2024

**The increase of views from month-to-month is due to the reorganisation of Plett Tourism's Youtube channel. We have included new eye-catching thumbnails, created folders for specific types of content, and created playlists.**

### MEDIA MANAGEMENT

#### 1. NICHE MARKETS

Our communications include direct to the public, business to business to our local tourism industry, engaging the tourism industry and stakeholders across South Africa and the world. We are focusing on niche markets that are desirable by both domestic and international markets. This includes **niche markets** (and communities to market to) for Food & Wine, Adventure & Nature, and Arts & Culture, including the Plett Ocean Festival and Plett Arts Festival social media accounts and the niche mailers: Plett Adventure Chronicles, Plett on a Palette and Through the Grapevine (previously weekly sips) and those have provided our best open rates for mailers to date.

December is the first month of our Plett Summer calendar and Plett's busiest month with visitors streaming in from South Africa and abroad. Our content is centred around educating visitors, enhancing safety awareness and highlighting the unique events that make up the summer high season including polo, outdoor concerts, markets and sporting events. Our niche market during the December season is generally returning visitors (or those wishing that they were here) and our message is a reminder of that "Plett feeling" and all of those beautiful, memorable, unique summer moments, while reinforcing essential safety information such as lifeguard schedules, shark spotters and dogs on beaches.

We are actively engaging on Facebook groups for Plett's various neighbourhoods/villages to ensure that all of the Bitou communities are aware of our news and goings-on.

The Plett Tourism Whatsapp groups include public "Plett it's a feeling!" for general news, industry groups for accommodation, restaurants, activities, events, township tourism and tourism services which we use to communicate relevant information.

## 6. NEWS ARTICLES AND MEDIA RELEASES WITH A TOWNSHIP & VILLAGE COMMUNITY FOCUS

Plett tourism focuses on 4 x marketing pillars, and each marketing pillar includes a media strategy that also includes an 'iKasi Life' township focus. We commissioned and/or wrote, edited, facilitated and published articles that were focused on the township community: individual entrepreneurs, events and businesses. The process is ongoing as we seek out the best stories from and for our local communities. The process is sometimes delayed by unavailability of those to be featured, however, we persevere.

Plett Tourism has continued the mentorship contract with journalist Sihle Ntsatha and are pleased to report that a few stories that have been in the pipeline for some time, have come to fruition. New community journalist engagement to commence 2025.

# TOURISM DESTINATION DEVELOPMENT

**STRENGTHS AND WEAKNESS (what we have done and areas that we are struggling and/or it is not working)**

## 1. PROJECT 1: PLETT BEACHES AND VIEWPOINTS OVERVIEW

This project looks to continue the promotion of beaches and waterways as a primary selling point for the town. It is crucial that the municipality provides quality assurance of existing nature-based attractions, including viewpoints, Central beach precinct, public beaches, and public natural attractions. Our greatest assets need to be reviewed with a focus on the upkeep / maintenance and security of these attractions. There is opportunity to identify nature-based tourism offerings associated with key regional waterways that have the potential to be future tourism drivers. The marine life, waterway adventure and nature products will be promoted under the Plett Adventure & Nature marketing pillar, with exposure enhanced with a high-profile PT anchor event (the Plett Ocean Festival and Marine Science Symposium).

Plett features a network of iconic hiking trails that will be collectively recognized as one of the best nature trail networks in South Africa, acting as a major regional and national tourism driver. #### 4. PROJECT 4: TOWNSHIP TOURISM GROWTH & DEVELOPMENT OVERVIEW

Township tourism products need to be identified for each ward. It is essential to evolve the township tourism offering to ensure they continue to appeal to the visitor market and drive visitation and help create job opportunities throughout Bitou. This will only be achieved through commitment and participation by the BM LED department. Possibly investment in new infrastructure to improve the customer experience, grow the demand, and enhance access to and around the townships. This approach will see infrastructure investment complemented by the attraction of new businesses who have the capacity to offer new tourism attractions that appeal to a broader tourism customer base. The BM will need to commit to the personal safety of guests, security and quality assurance of the designated area (lights/road access/debris/potholes) for identified projects.

## TOWNSHIP & VILLAGE TOURISM

- TOWNSHIP & VILLAGE TOURISM STRENGTHS:** The Plett Tourism Association has grown its strengths to assist the municipality with growing support from the local private tourism sector, including:

- 
- Strong Stakeholder Collaboration opportunities
  - Strong unconventional and non-traditional partnership opportunities
  - Strong Market Presence In Key Source Markets opportunities
  - Growing confidence of private sector confidence in public sector
2. **TOWNSHIP & VILLAGE TOURISM WEAKNESSES:** Throughout Bitou, there are several tourism challenges that should be addressed by the municipality to allow for the emerging township tourism businesses to flourish:
- Skill shortages and limited capacity building
  - Limited support for SMMEs for investment projects
  - Limited marketing focus and investments
  - Limited joint marketing with private sector
  - Misalignment of key stakeholder Interest
3. **TOWNSHIP & VILLAGE TOURISM OBSTACLES:** *Lack of public wifi and funding for alternatives* continues to have a major inhibitory factor within the tourism sector. If we are to grow township tourism, options for battery-operated wifi services in strategic high-volume tourism locations within the townships should be considered.
